The new merger it is understood is to be under the guidance of James B. Duke, who was founder of the American Tobacco Company and the British-American Tobacco Company of the American Tobacco Company of the Mills of

business.

Mr. Dixon, who is head of the new concern, was associated with Mr. Duke from boyhood until he joined the present Tobacco Products Corporation. Thomas B. Yuille, who will join the new board as the advisory head of the leaf tobacco buying department, also was trained under Mr. Duke, entering the service of Mr. Duke's corporation as a boy and working up to the position of vice-president.

Washington, May 30.—Declaring the service of Mr. Duke's corporation as a boy and working up to the position of vice-president.

Under the terms of the proposed merger the Tobacco Products Corporation is to increase its capital stock from \$23.000,000 par value to \$157.354,000 par value, The new stock is to be composed of two classes, A and common. Class A is to be 7 per cent. non-cumulative, on which dividends are to be paid soon \$35,000,000 par value to \$157,354,000 par value. The new stock is to be composed of two classes. A and common. The option, however, is extended to the stockholders of both companies of taking all common stock of the new merger in exchange for the common stock of the present corporations. Tobacco Products shareholders may take all Class A if they desire.

Not Compelled to Exchange.

A shareholder is not compelled to make the exchange, as he may ignore the merger and retain his present holdings. Holders of Retail Stores who exchange will obtain a certain return of 2½ per cent. and a bonus in common stock that is expected to yield an additional 2½ per cent., thus giving an equivalent of 6 per cent, on their present holdings.
